

# Application Guide for Masks & Front End Protection

*“World’s largest selection of custom front end protectors,  
deflectors and masks”*

Deflector-Protector®  
(**MD/MH series**) covers  
the leading edge of the  
hood and has a built-in  
bug deflector!

“Bikini Style” hood mask  
(**MB/MT series**) protects  
the front area of the hood.

Mini-Mask (**MN series**) are  
budget priced and protect  
the area of the hood that  
gets the most abuse.

Full coverage masks provide  
maximum protection and are  
available in two (2) styles.  
(**MM series** - allows hood  
to open with mask in place.  
**M series** - easier to install,  
traditional one-piece design.)

New Patterns are added every day - call if you can't find an application!  
**800 4-COVERS (426-8377) Monday thru Friday 8AM to 5PM CST**
